Langkawi Kuah Jetty

SRI is calculated using ASTM E1980-01 with Medium Convection Coefficient (12) value reported.
This data is approximate values only, may vary based on paint formulation and/or metallic coating thickness.
The colours shown in the colour chart have been reproduced to represent actual product colours as accurately as possible.
However, we recommend you to check your chosen colour against actual sample of the product before purchasing,
as varying light conditions and limitations of the printing process may affect colour tones.
